

# BEHAVIORAL HEALTH SERVICES

OFFERING COMPREHENSIVE PEDIATRIC BEHAVIORAL HEALTH SERVICES FOR CHILDREN 3-18

## MEDICATION MANAGEMENT

Our Psychiatric Nurse Practitioners are highly trained and specialize in pediatric mental health. Our providers collaborate closely with our counselors, pediatricians, and case management staff to provide the best quality care for our patients and families.

## THERAPY

We offer individual and group therapy to help address emotional and behavioral challenges, develop coping skills, build relationships and interpersonal skills, and to address trauma, depression, anxiety, and other mental health related issues including substance abuse. Therapy fosters self-esteem and encourages emotional and behavioral growth and well-being.

## CASE MANAGEMENT

Our case managers work with children and their families to assess, plan, coordinate, and monitor services and support. They aim to ensure the well-being and safety of children in various challenging situations. TCMs advocate for their clients and families through empowerments and dedicated professional care
